LEAF PICKUP

October 18th - December 3rd (weather permitting)

- Leaf piles will not be picked up prior to the start date listed above.
- Leaves can be bagged and placed out at the curb with **regular trash pickup**. Bags should weigh no more than 25-30lbs each. There is a 10 bag limit per household per week per Shackelfords Disposal.
- PLEASE DO NOT RAKE LEAF PILES INTO THE STREETS.** Doing so will cause storm drains to back up.
- Please do not rake **sticks, garbage, rocks** or other debris in with your leaves. This creates costly damages to the equipment and will result in your pile not being picked up.
- Tree limbs must be bundled in 4ft sections, 5lb max, and set to the curb with your regular trash.
- Our team does their best to pick up leaves in a timely manner. Leaves raked to the curb later in the week may not be picked up until the following week.
