

Safety and Infrastructure

Oct 16, 2024 – 4:30pm

Attendance:

Troy Tripp, Kathryn Graham, Administrator Billy

NEW BUSINESS-

New Hydrant – Broad Street in front of Westerman's – a fire hydrant is being installed today. Should be finished early next week.

Bartlett St – Storm sewer line project happening – they will also get new curbs and sidewalks. This will be wrapped up before Thanksgiving. This includes repaving.

Bartlett Sanitary line – Have been flushed from Highland to Marietta and on Marietta from Bartlett to Angle. There is a line that needs replaced or cleaned annually.

NRG Grant – \$800,000 to address various street and safety needs. We will be allocated in 2025 and into 2026.

Napa/Shonbarger Building – Talked to the State level and reviewed history of the building to see if there is any historical significance before the State decides. The State has to release the funds to remove the building.
